SKILLS

PROGRAMMING
•Data Structure• Jupyter Notebook• GitHub• Figma• Data Analysis and Algorithms• DSA• OOPS• Computer Networks • Operating Systems• DBMS •,Machine Learning •Programming, •Image Processing • Node.js •react.js• JavaScript •Frontend Development.

LANGUAGES
•Python •C • C++ • SQL •Java

PROJECTS

FOOD DOLE: A Food Donation Website | WEB DEVELOPMENT
- Worked with my team named NEWBIE as a Frontend Developer. The focus of this project is to reduce the amount of food wasted and being used to the needy people.
- We have developed a food donation platform wherein a person as a donar can donate her/his leftover food to poors and fill their stomach. The platform for food donation acts as an interface between the users who are looking for a channel to give the excess food without wasting it.

HOLISTIC INTEGRATED ACADEMIC CALENDER | WEB DEVELOPMENT
- Developed an Annual Academic Calendar for all Indian Universities under AICTE, for which we have developed a Web Application for three types of users.

SOLAR RADIATION PREDICTION MODEL | MACHINE LEARNING
- Trained a Prediction Model that works on the Data collected by SARS for mission duration such as temperature, pressure and radiation.
- As a team (Team PHEONIX) decided to invent two probes to study out the causes of radiation, processes that produce the radiation belt & how the radiation belt(s) can affect the Earth environment.

EXPERIENCE

BUSINESS DEVELOPMENT ASSOCIATE | KRAYONNZ
June 2022- Aug 2022 | krayonnz.com
- Krayonnz is a collaborative learning edtech platform, helps students to share course-specific study material, and to earn money while solving doubts and questions of fellow student.
- Lead and trained 16-17 interns who have completed their internship as a Campus Ambassador under me.
- Built and established strong relationships with interns.

ACHIEVEMENTS

GRAND FINALIST | SMART INDIA HACKATHON 2022
Mar 2022- Sep 2022 | Chandigarh, India
Worked as ML Engineer, Built a prediction model in which the user has to input his previous academic details and extracurricular details on our registration page, entered, Our ML trained model would give the user her/his possibility to get admission..

WINNER | AKTU ZONAL SPORTSFEST 2022
Sep 2022 – Nov 2022 | Lucknow, India
